

I opposing the weakening of Indiana's law. DO NOT ALLOW The CBA or any other party to impose the federal "established business relationship" exemption on Indiana consumers. I DO NOT want anybody that I currently have a business relationship with (e.g., my bank, credit card company, long distance carrier) to be able to call as often as they want. Should you the FCC allow this to happen to the residents of Indiana then so should you allow us to sue you for invasion of privacy and those calling us to be charged with harassment.
